Question/s to be answered

1. How many GP practices are there in your region? 10
2. How many of these are ‘single-handed’ practices (practices with a single partner)? 6
3. How many of those partners cited in question 2 are aged 55 and above?
   Unable to answer this question for the non salaried practices. Of the three salaried practices,
   two are single handed but there are no partners, the GPs are salaried to NHS Shetland.
4. How many patients are covered by the patient lists in the practices cited in question 2? 5389
5. How many single-handed practitioners have retired in your region since April 2013, and what
   happened to their patient lists? None have retired since April 2013

   1. 10
   2. 6
   3. Unable to answer this question for the non salaried practices. Of the three salaried
      practices, two are single handed but there are no partners, the GPs are salaried to
      NHS Shetland.
   4. 5389
   5. None have retired since April 2013.
